

clinell®

Hand Wipes

On-the-go hand hygiene.

An allergen-free formulation that's suitable for sensitive skin. Kills 99.99% of bacteria and viruses in 30 seconds*.

#1
hospital
brand

Developed by doctors,
used by 9 out of 10 NHS hospitals

The benefits of
Clinell Hand Wipes

Since 2004, Clinell has been a trusted brand within the UK healthcare industry. Clinell Hand Wipes kill up to x10 more bacteria and viruses than most hand wipes available to consumers¹ – whilst remaining allergen-free and gentle on skin.

Tough on microbes

We developed Clinell Hand Wipes from the patented formulation of our Clinell Universal Wipes – the NHS' number 1 disinfectant wipe.

Clinell Hand Wipes kill 99.99% of bacteria and viruses in 30 seconds*. Both cleaning and disinfecting, they are ideal for clean or dirty hands when you're on the go.

Kind to skin

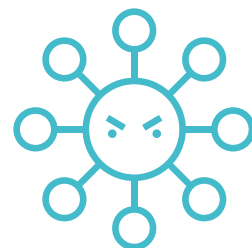

Clinell Hand Wipes are an everyday hand hygiene solution. Developed to be in balance with the skin's pH, allergen-free and suitable for sensitive skin – all in one super soft wipe.

To help protect skin, Clinell Hand Wipes are dermatologically tested and accredited by the British Skin Foundation.

Developed for retailers

Clinell Hand Wipes represent over 15 years of market-leading infection prevention expertise, developed into a unique solution, specifically for retailers.

Our compact, shelf-ready packaging, with a two-year shelf-life, provides an easy and efficient way to display multi-packs. Barcoded inner packs give you the flexibility to display Clinell Hand Wipes individually near checkouts or other impulse purchase areas.

After 15 years of fighting infections, insights into effective hand hygiene led us to create Clinell Hand Wipes, offering consumers key advantages over most commonly available hand wipes.

- 1 Cleans and disinfects**
Clinell Hand Wipes clean and disinfect hands in the same wipe.
- 2 Effective against bacteria**
Clinell Hand Wipes offer powerful antibacterial action, killing 99.999% of bacteria*.
- 3 Effective against viruses**
Unlike most cleansing hand wipes, Clinell Hand Wipes kill 99.99% of viruses*.
- 4 Works in 30 seconds**
Fast-acting disinfection on the go.
- 5 Accredited by the British Skin Foundation**
Dermatologically tested to help protect your skin.
